Mr. Russell has been a keen observer of agriculture while here. He states positively that this country is fully as good if not better than Western Kansas. The condition of the crops here, with the indifferent cultivation received in most cases, is remarkable, and indicates a richness of soil that should satisfy the most skeptic of the future of the country.

Mr. J. B. Carson, who has been associated with the Roy Realty & Investment Co. for the past five months, is now located at Solano, where he will have charge of a branch office of the above company. Mr. Carson has had years of experience in the real estate business, which, together with his motto of always adhering to the truth in regard to the country, will gain for him the confidence of the people of Solano as he has gained it in Roy. Our neighboring town has secured a citizen who will accomplish a great deal for the good of its citizens.

LET US ENFORCE THE LAW!

We wish to call the attention of the gross negligence of the E. P. & S. W. Ry. Co. in not fencing their Right of Way. A petition to our Attorney General, asking him to enforce this law and another to the Board of coun-

ty commissioners would soon bring about a speedy remedy for such violation of our Statute. What's the use of establishing laws if they are not enforced?

The Dawson Branch has been built now for almost five years and its trains have been killing an enormous lot of our cattle, the owner realizing less than market value on his damage. Let us get together and see that we are given our rights.

Working for Mora County.

HON. E. H. BIERNBAUM

the man who so ably represented us in the territorial legislature, throwing all his influence to bear on every bill presented that was for the good of our territorial government and of Mora County.

Mr. Biernbaum has been for years one of the most prominent citizens of Mora, the county seat, and has a thorough acquaintance with this county and its splendid resources. He never stunts himself when it comes to boosting Mora county—in fact he is a leader in every movement that tends to promote our interests.

Widely known, thoroughly acquainted with every branch of our county administration, he is a man to be valued in this campaign for a GREATER MORA COUNTY.

With a few more men of his calibre, we may look forward to a rapid advance in the betterment of the affairs of the county and the development that is sure to follow.

TO OUR SUBSCRIBERS.

The owners of the Spanish-American can have taken with this issue another step forwards furnishing the people of Roy and Mora County a paper of which they may feel proud.

One of the few mediums, and often practically the only agent through which the outside world can be informed of the resources of a town or county is its weekly newspaper. It acts as a representative of the business men and in fact every citizen of the community. Realizing this, we use every effort to furnish you with a

live, up-to-date, progressive paper.

But let us add here: It takes capital to get out a good paper and we must have the hearty support and cooperation of every citizen of Roy and indeed of the county.

With the stimulus of many new and renewed subscriptions and the prompt payment of those who are in arrears, we promise to publish a first class weekly newspaper—a representative of YOUR town, your county, and your interests.

NEWS FROM SPRINGER.

Stockman, August 3.

F. X. Arens and son Winfried, and Edward Engleman of New York city arrived in Springer last Saturday and joined the other members of the family who have been here several months. With the exception of Mr. Arens, who will return to New York in about three months, the family will make there home in Springer, and eventually he will reside in Springer.

On Tuesday, the 30th of July, 1907, Miss Eta Magarrell of Douglas, Arizona, and Arthur Clouthier of this city, were married at Douglas.

The young couple at once went to Cannanea, Mexico, where they will make their home, and where Arthur has a lucrative position in the large general store of the Green Consolidated Copper company.

Arthur was born and grew to manhood in this city, where he is a friend to everybody, and while the lady of his choice is not known to us, all his friends here extend to them happy congratulations, a life full of pleasures and no intermingling of sorrow; one of success, with no tinge of adversity.
